Education

IPS Academy, Indore (Affiliated to RGPV)

Sep. 2023 – Sep 2027

Bachelor of technology in computer science (AIML)

Indore, MP

Relevant Coursework

- Web Development (HTML, CSS, JavaScript)
- Full Stack Development with MERN Stack
- Cloud Computing and Deployment (Firebase, Vercel)
- UI/UX Designing

Experience

IT services and consultancy company

Aug 2024 – Sept 2024

UI/UX designer Intern

Remote

- Streamlined and secure user signup flow design, focusing on personalization, efficiency, and error-free user experiences while ensuring data privacy
- Designed responsive, visually engaging, and user-friendly email templates to enhance marketing efficiency and ensure cross-device compatibility.
- Designed a visually appealing and user-friendly restaurant menu UI/UX, ensuring easy navigation, clear categorization, and a seamless customer ordering experience.

Projects

Croudfunding platform | *Next.js, Node.js, Express.js, Razorpay, MongoDB*

October 2024

- Developed a Next.js crowdfunding platform where users log in via GitHub, create personalized pages to showcase business ideas, and raise funds.
- Implemented a customizable dashboard for users to manage their pages, update project details, and track fundraising progress.
- Ensured secure authentication with NextAuth and integrated MongoDB for data storage and Cloudinary for media management.

Social media platform | *React.js, Node.js, Express.js, MongoDB*

September 2024

- Developed ZyloNet, a social media platform using the MERN stack, enabling users to register, create profiles, post content, and engage in real-time chat.
- Implemented user authentication, post exploration, and follow/unfollow functionality for an interactive experience
- Integrated real-time messaging with Socket.IO, allowing instant communication between users.

Cloud based notes making platform | *React.js, Node.js, Express.js, MongoDB*

August 2024

- Developed NimbusBook, a cloud-based notes application using the MERN stack, allowing users to securely create, update, and manage their notes from anywhere.
- Implemented JWT-based authentication, CRUD operations with MongoDB, and utilized React hooks like useEffect to manage state and handle API calls.
- Ensured responsive design, providing a seamless user experience across all devices, while focusing on building clean, efficient, and user-friendly applications.

Technical Skills

Languages: C++, , HTML/CSS, JavaScript

Developer Tools: VS Code, Postman, Vercel, firebase

Technologies/Frameworks: Windows, React.js, Node.js, Express.js, MongoDB, Git, GitHub, Socket.IO

Leadership / Extracurricular

Smart India Hackathon (SIH) 2024 - Grand Finale Participant

Spring 2024

Participant

Shobhit Institute (Meerut)

- Competed in the Grand Finale of Smart India Hackathon 2024, showcasing problem-solving skills and teamwork in a high-stakes, national-level competition.
- Collaborated with a team to develop an innovative solution, contributing to the success and impact of the project.
- Gained valuable experience in problem-solving, innovation, and collaboration under pressure.
